

SOUTHWEST THERMAL TECHNOLOGY

INCORPORATED

3251 Corte Malpaso Suite # 507

Camarillo, California, 93012

Phone (805) 484-2992 Toll Free (888) 226-8522 Fax (805) 484-0049

[Sales Representative and/or Stocking Distributor for:](#)

- > **Alco Products, Inc. (Division of Peerless)**, Hairpin type shell & tube heat exchangers, double pipe and multi-tube designs
- > **Bos-Hatten, Inc. (Division of Peerless)**, Custom and special design shell & tube heat exchangers & pressure vessels including steam surface condensers, feedwater heaters, ASME, TEMA and HEI Codes
- > **Burgess Manning, Inc. (Division of Peerless)**, Industrial silencers and inlet gas filter / silencers, compressed gas moisture separators and filters including pulsation dampeners for compressors and pressure blowers
- > **Cooling Technology, Inc.**, Refrigerated water chillers, dry fluid coolers
- > **Enerquip, Inc.**, Exchangers for food processing, CIP, pharmaceutical and biotech industries
- > **FIN-X Fin-Tube Exchangers**, Process air-cooled exchangers - API 661 specification products for engines, gas compression, oil cooling, gas processing, condensing, chemical plants and refineries
- > **Gaumer Process Heaters**, Process electric heaters and controls - catalog items plus special designs, Packaged hot oil systems, ovens, heated tanks, and electric heat exchangers
- > **HTG – Heat Transfer Group, Inc.**, Danfoss Brazed plate exchangers for heating or cooling applications including refrigeration condensers and evaporators. 316 s/s with either copper or nickel braze material
- > **Hexeco, Inc.**, Oil cooling coils for generator thrust and guide bearings, replacement or new designs
- > **Industrial Heat Transfer, Inc.**, Industrial coils and other custom finned tube products including, transformer oil cooling, exhaust heat recovery and fan cooled unit
- > **Mueller Heat Transfer Products**, Accu-Therm plate heat exchangers, Temp-Plate embossed surface heat exchangers for industrial marine & food / sanitary designs
- > **Munters Des Champs Technologies**, Industrial gas-to-gas heat exchangers and heat recovery packages with efficiencies to 85% and operating temperatures to 2000 °F
- > **RSD Cooling Towers**, Fiberglass cooling towers complete with controls, shipment from stock
- > **Super Radiator Coils**, Refrigerant, steam and water finned tube coils- engineered process - fan cooled
- > **Thermal Transfer Products / ThermaSys**, Complete line of shell & tube and air-cooled heat exchangers for new applications and interchangeable replacement products for other manufacturers

Other equipment and services including: Replacement tube bundles and accessory products

HEAT EXCHANGER AND RELATED PRODUCTS, APPLICATION, DESIGN, SALES & SERVICE
